VIBRANT

Foundation Baseline

A clear starting point for the broader patient picture.

Foundation Baseline is Vibrant's streamlined foundational assessment, bringing together 107 biomarkers across seven body systems with a **two-day turnaround.** It gives providers a broad view of key health markers to establish a patient's baseline and identify areas that may warrant closer attention.

Use the results alongside the patient's clinical picture to prioritize next steps and guide deeper investigation with targeted body system Zoomers or Zoomer Stacks.

Body System Scores

27 **Metabolic**	21 **Inflammation**	3 **Neural**	17 **Cardio**
9 **Recovery & Resilience**	18 **Hormone**	17 **Cellular**	

Numbers indicate markers contributing to each score.
Markers that contribute to more than one score are counted once in the 107-marker total (110 for males).

CLINICAL USE CASES

- **Broad or Nonspecific Concerns:** When symptoms span multiple systems or an investigative starting point is needed
- **Cardiometabolic Concerns:** Glucose, insulin, lipid, lipoprotein, and inflammation markers
- **Fatigue & Low Resilience:** Thyroid, iron status, blood cell, and nutrient markers
