An Expanded View of the Gut Ecosystem

Gut Zoomer is Vibrant's comprehensive gut health assessment, designed to evaluate key areas of the gut ecosystem, including gut diversity, commensal bacteria, pathogens, inflammation, digestion and absorption, and gut metabolites.

For patients with a New York shipping address, Vibrant now offers a New York-specific Gut Zoomer configuration using markers approved for use in the state. This expanded access gives providers a more complete view of the gut ecosystem to help uncover clinically meaningful patterns, inform more targeted clinical decisions, and guide next steps in patient care for patients residing in New York.

What it Measures

100+

Gut Commensals
